Learn - Master Compete

Learn Tennis:

The FifthSet summer tennis camps have been designed to suit all. With 2 convenient locations, we have you in mind. Beginners, intermediate, and advanced players will find challenging peers and learn the game faster.

If your child is ready to learn tennis the right way, this two-week camp is the best place to start.

Master Your Style:

Our groups are conveniently divided into skill levels.

Players are assessed the first day and assigned to their initial court.

Based on their improvements, campers are moved with more challenging participants.

Our curriculum contains three parts.
Technique - Footwork - Accuracy.

Our staff is trained to be patient and encouraging.

Compete:

In school, you study the course and take the test to evaluate your aptitude. In tennis, the same concept applies. You practice and compete to test your skills. We believe that practicing and competing make perfect.

Practicing and Competing Make Perfect!
